

L3HARRIS®
FAST. FORWARD.

YOUR CONNECTION WHEN THE HEAT IS ON

Extreme Durability. NFPA 1802 Compliant.

Meet the XL Extreme™ 400P. Designed to take on challenging conditions that take you to the very limits. Heat-resistant seals built to withstand temperatures up to 500°F. Glove-friendly keypad with a large emergency button for red hot situations. And with Wi-Fi®, Bluetooth® and certified LTE with leading nationwide carriers, you have boundless connectivity that can take you anywhere.

And now, with the XL Extreme, you not only gain uncompromising ruggedness and connectivity, but you also receive premium Homeland 6 carrying accessories at no additional charge (a \$300 value).
